Dear Supporters:

We are pleased to present the annual report for FY13 (July 1, 2012 to June 30, 2013) that highlights agency programs and their impact, details financial operations, and recognizes the volunteers, community partners, and investors who support our work to engage families, strengthen communities, and transform lives.

In FY13, Lawrence Hall offered innovative programming, treatment, and services to nearly 1,000 children and families throughout Illinois. This year saw the expansion of the Foster Care Program with the addition of a new Treatment Family Foster Home. The MYTIME Workforce Program, piloted in FY12, continued into its second year. And, the National Association of Special Education Teachers recognized the Therapeutic Day School as a School of Excellence for the third consecutive year.

Our collaborations and partnerships with colleges, universities, and other social service providers allowed us to design new treatment modalities, evaluate program effectiveness and impact, and provide leading-edge training and mentoring to the staff who provide the direct care for our youth and families.

The program successes and individual achievements of FY13 are possible because of a strong foundation and solid financial position. As with each fiscal year, the Executive Management Team, in collaboration with the Board of Trustees make the necessary changes to the operating budget to ensure that the human, financial, and infrastructure resources support direct services to children and families.

The new year brings excitement and anticipation as we look for new opportunities and new beginnings. FY14 sees the expansion of Lawrence Hall’s services to the Fox Valley area with the addition of residential and educational programming. There is a continued focus on collaborations with community-based providers to strengthen the social safety net in the communities where our children and families live. We continue our work with our public partners and advocacy groups to develop new financing models to support best practices to improve the safety, well-being, and permanency of families in Illinois.

It is because of the commitment and support from the Board of Trustees, Auxiliary Boards, volunteers, donors, and community partners, that we are able to impact the life of a child and truly make a difference to last a lifetime. Thank you!

Mary H. Hollie, MSW, ACSW  
Chief Executive Officer

Jeffrey E. Singleton  
Chairman, Board of Trustees

Our Mission

Lawrence Hall is a not-for-profit child welfare agency established to assist at-risk youth and their families through a seamless delivery of services designed to develop the self-worth, knowledge, and skills they need to lead independent and productive lives.

We support our mission with an annual budget of $20-$22 million derived from government grants and contracts, private support, and allocations from the United Way of Chicago and Episcopal Charities. Throughout our long history, we have demonstrated sound fiscal management, using our resources responsibly to plan for future growth.

Our Vision

Lawrence Hall is a community of staff, volunteers, and board members dedicated to creating a society in which our children and their families are treated as valued and cherished members.

Our Core Beliefs

- We cherish the children we care for and work with them to make positive moral decisions.
- We believe all children deserve to live a life that is free from physical, sexual, and emotional harm.
- We tell the truth about what children experience in our society.
- We advocate in the best interest of our children.
- We behave ethically and act at all times in creative rather than destructive ways.
- We value diversity and treat each other with consideration and appreciation of one another’s worth.

The majority of us lead quiet, unheralded lives as we pass through this world. Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have a potential to turn a life around.

-Léo Buscaglia

In memory of Susan J. Bigg and Marcia L. Kladder for their life long dedication in making a difference to last a lifetime.
LHYs is comprised of nearly 300 dynamic and compassionate professionals, each of whom are committed to empowering, teaching, protecting, and supporting our youth and families. Our employees are more than dedicated professionals. They become extended family members, many of whom have spent their careers with the agency, dedicated to improving the lives of our youth.

Britt Cetnarowski, a social worker in the Therapeutic Day School, utilizes creative and hands-on techniques to promote engagement and is always willing to think outside of the box. An exceptional advocate for clients, Britt makes sure the youth’s basic needs are met by building a safe and trusting relationship.

Britt has worn a variety of hats and has volunteered to take on additional responsibilities within the program. This includes working extra hours to provide clients with an opportunity to expand their vocational experiences, translating for our bilingual parents and mentoring new employees.

Ron Stuhm, Food Service Supervisor, has created a team that enjoys working together, smiles every day and provides healthier, fresher and more satisfying meals to the children and families we serve. He has worked tirelessly to make sure that every child in our school and in our Child and Family Treatment Center receives three nutritious meals daily.

Through our After School Matters City Chefs program, he has encouraged community-based teens from across Chicago to travel the world of food from the TryMe’s kitchen. The City Chefs have learned to cook traditional meals from Africa to China, from the America’s to Italy, and from Jamaica to Japan.

We couldn’t provide the high quality of programs and services without the dedication of our employees. We would like to thank the following individuals for their many years of commitment and passion to Lawrence Hall’s mission.

25 Years

“I see the dedication of our staff and the perseverance they have improving the lives of our children.” - Board Member, Gerry Magner
In Fiscal Year 2013, Lawrence Hall Youth Services’ continuum of care offered a full spectrum of services to 565 youth and 330 families. Our treatment programs are both flexible and responsive. When combined with our specialized services and results-oriented therapies, we offer an innovative, holistic, evidenced-based service model in a stable and caring environment.

**FOSTER CARE PROGRAM**
Provides safe, secure, and nurturing homes for children removed from their birth families because of abuse or neglect. Home of relative, traditional, specialized, and treatment family foster care homes offer safe havens for children until they return to their families, transition to guardianship, or become adopted.

**Program Spotlight:** In FY13, LHYS was the first pilot site throughout the state identified by DCFS to implement the Treatment Family Foster Home - a new treatment-focused model with professional foster parents specially trained to work with children with intensive emotional and behavioral needs that might otherwise lead to residential placement.

**THERAPEUTIC DAY SCHOOL**
Provides a rigorous curriculum aligned with the Illinois State Board of Education’s Common Core Standards for students with severe emotional and behavioral disorders who have been unable to succeed in their neighborhood schools. Course content is adjusted to meet the needs of the special learner, and alternative teaching strategies are utilized in an effort to motivate at-risk students. The year-round Therapeutic Day School is accredited by both the North Central Association and Council on Accreditation, and is licensed by the Illinois State Board of Education.

**Program Spotlight:** The Youth Advisory Committee (YAC) encourages the development of youth leadership skills and youth engagement in self and group advocacy to offer input into their treatment and express needs and concerns and identify and implement solutions with program leadership.

**OLDER ADOLESCENT PROGRAM**
Provides young adults with comprehensive services designed to meet their individual needs as they prepare to be discharged from the child welfare system. Each young adult receives preparatory services, coaching, mentoring, training, support, and supervision as they prepare for a successful future that is stable, healthy, and safe.

**Program Spotlight:** For many students, they are the first in their families to graduate high school. Lawrence Hall youth overcome their challenges and have proven their success with an 85% attendance rate and a 95% graduation rate.

“This has been a journey for me being the youngest child and the first one to graduate high school. In the long run attending Lawrence Hall paid off because it made me the successful person that I am today. Never give up on your hopes and dreams. No dreamer is ever too small; no dream is ever too big!”

-Lawrence Hall Youth Services Graduate Speech
RESIDENTIAL TREATMENT PROGRAM
Provides care to children and adolescents traumatized by abuse and neglect. They and their families receive intensive therapeutic treatment that is strengthsbased, family-focused, and outcomes-driven in the Child and Family Treatment Center and Family Community Homes.

Program Spotlight:
The upgraded Multi-Sensory Room, assists youth with emotional regulation and impulse control. A sense of calm and relaxation is fostered through a host of sensory experiences including visual stimuli such as a bubble machine or lava lamp; aromatherapy; tactile stimuli including a textured wall; soothing soundscapes; and a massage chair amongst others.

WORKFORCE DEVELOPMENT PROGRAM
Prepares youth to obtain and maintain employment including coaching on how to complete applications; interview effectively; communicate with co-workers, supervisors, and customers; demonstrate a strong work ethic; and resolve conflict, as well as on-the-job training and job placement.

MY TIME (Mentoring Youth to Inspire Meaningful Employment) is a unique employment program for youth and leading Chicago businesses. During training, our youth members are introduced to their MY TIME Employment Mentor who assists them in determining their career interest, preparing them for interviews, and working with them after employment placement to ensure a professional relationship is sustained. In FY13 MY TIME was contracted to train and place 60 youth in supported employment and actually placed 62. This year, MY TIME is training and placing 80 young adults in supported employment.

TryMe's is a full-service, student-run delicatessen facilitated by Chef Ron and located in the agency’s Roxelyn and Richard Pepper Dining Hall. Program participants have the opportunity to learn required skills in an up-to-date industrial kitchen. Students learn appropriate food service attire, time management, workplace rules and procedures, food preparation industry standards, customer service and professionalism.

The Campus Works Program allows youth in residential care to have their first work experience. Clients are paid to do various jobs around campus including: washing the school vans, cleaning the cafeteria, participating in the Labels for Education Program, raking leaves, and assisting administrative staff with tasks such as sending out fliers and decorating offices. This program truly provides a unique opportunity to learn both life skills and employment skills in a therapeutic setting. Having a job fosters teamwork, anger management skills, leadership skills, coping skills, and gives our clients a sense of accomplishment and pride.

Program Spotlight: The City Chefs program provides agency and community youth with the opportunity to learn culinary arts skills through fall and spring apprenticeships and summer internships. The youth learn how to prepare dishes from all over the world and share their talents with an annual family and friends event each December.

“They got me on the right track by helping me become the successful person they know I can be in life.” - LHYS Youth
Across Lawrence Hall’s continuum of care, youth and their families benefit from a comprehensive array of treatment services and complimentary programming to address trauma, promote attachment and bonding and support the family connection while teaching youth the self-management skills necessary in order to live successful, independent lives.

“If we are not serving our youth’s needs we are squandering one of the greatest gifts we have.” - Bishop Jeffrey Lee
Volunteers are the backbone of Lawrence Hall Youth Services. Each year, hundreds of volunteers complete thousands of volunteer hours. Their donation of time helps us improve the quality of life for the nearly 1,000 youth and families that we serve each year.

The Junior Board is composed of young, urban professionals who volunteer their time and mentor the children in the Residential Treatment Program. Groups of volunteers plan and coordinate monthly activities where Junior Board members use their skills, talents, and experiences to expose the children to new and unique opportunities.
“I have toured Lawrence Hall, the campus, I know first-hand the work you’re doing for so many children and families.” - Senate President John Cullerton

6th Annual Triple Crown

On May 18th, 2013, the Junior Board hosted their 6th Annual Triple Crown Fundraiser at East Bank Club and raised over $6,000 in donations with over 125 attendees! The night was full of horse racing, great food, and good company all on a perfect night to help support our youth & families at Lawrence Hall.

6th Annual Golf Outing

Supporters teed off at the 6th Annual Lawrence Hall Youth Services Golf Outing on June 14, 2013. Players competed in contests during the 18-hole event at Valley Lo Golf Course and enjoyed a delicious lunch.

Special thank you to our Host Committee
